SOFTWARE

PUBLIQ Benefits

For more than 50 years, municipalities, counties, and utility districts have relied on PUBLIQTM Software to best serve their communities. PUBLIQ's stability assures decision makers will always receive the service and support they need. We know the level of service you provide depends on the quality of your software, and we are committed to your success and ensuring the trust of your customers.

YOU CAN RELY ON US

PUBLIQ is backed by the J M Smith Corporation, and with decades of proven success and deep resources across the country, we are unmatched among public sector software providers. Our unwavering dedication to service is reflected in our record of industry strength and knowledge.

INTEGRATED TO SUIT YOU

PUBLIQ's scalable software applications – Utility Billing, Accounting Suite, Centralized Collections, Payroll, Business License, Inventory, Fixed Assets, Auditor, Assessor, Treasurer/Delinquent Tax Collector, and Municipal Tax – are designed to grow as your business needs increase and provide seamless integration. Information flows between applications, enabling data sharing and eliminating duplicate data entry. With clear and simple pricing and flexible options to fit every budget, securely run your entire business with no hidden fees.

DEDICATED TO YOUR SUCCESS

PUBLIQ's applications include features and additional services to ensure your success by making daily processes easier while keeping your data secure.

- Simple design, process wizards, and navigation tools make our software easy to learn and use
- Real-time payment processing provides accurate data and access to transactions as they happen, giving you instant payment information and eliminating the need for batch processing
- Keep your customer's information secure with end-to-end card data encryption
- Offer convenience through online and automated phone payment options and paperless billing
- Cloud solution offers unmatched data protection and compliance, including secure backup locations and redundant servers
- Disaster Recovery services ensure business and data security with minimal downtime
- Industry-leading printing and mailing services provide customized bills, tax notices, forms, and more
- Powerful reporting tools offer the ability to create custom reports and data exports
- Comply with Governmental Accounting Standards Board® (GASB) requirements with dozens of ready-made reports
- Available network integration and hardware installation
