Payroll

PUBLIQTM Software's Payroll application provides a comprehensive solution to managing any size payroll. Flexible tools allow your agency to handle more than just payroll processing. Track employee data, manage payroll budgeting, remain compliant, and much more. For real-time sharing and increased productivity, Payroll integrates with time-clock software and PUBLIQ's Accounting Suite for additional management of general ledger, accounts payable, budgeting, and bank reconciliation.

EFFICIENT PAYROLL PROCESSING

Stress-free payroll processing for an unlimited number of employees and pay types.

- Run payroll weekly, bi-weekly, monthly, semi-monthly, or annually using step-by-step wizards
- Manage leave, expenses, benefits/bonuses, and hundreds of deductions
- Offer employees direct deposit in up to seven bank accounts

EMPLOYEE DATA MANAGEMENT

Simplified recordkeeping helps save time and reduces errors when calculating payroll.

- Store and access detailed employee information and photos
- Track and accrue leave and maintain termination information

PAYROLL BUDGETING

Stay on top of your budget and make informed decisions for your business.

- Perform what-if budget projections based on percentage or merit increase to sustain financial accountability
- Project the cost of open positions

- Automatically update pay rates from approved payroll budget

COMPLIANT REPORTING AND AUDIT PREPARATION

Increase compliance and minimize risks.

- Create detailed custom reports and data exports to access the information you need
- Generate 941s, W-2s, EEOC, and Affordable Care Act reports in accordance with state and federal laws
- Prepare for audits with access to multi-year history

PAYROLL PORTAL

Offer your employees access to their information while protecting their privacy with our secure, web-based Employee Dashboard.

- Set unique usernames and passwords for each employee
- Give employees the ability to view and print current and past pay statements, accrued leave and details, federal and state income tax information, deductions, and W-2s
- Allow employees to request changes to deductions and taxes
