Process Tax Collections with Ease

Simplified Tax Collections

Our Municipal Tax application helps you accurately process tax collections by creating a complete tax file compiled from county records. Track payments, maintain records, and organize important information with efficient data management and billing tools.

> PUBLIQ is a very user-friendly software for government use. I love it.

Streamlined Collections

Our intuitive software ensures your tax collection process is accurate and uncomplicated. Keep track of the entire payment process – who has paid, how much has been paid, and when the payment was collected. Effortlessly track and print past-due notices and ensure payments are up-to-date by systematically enforcing payment of the oldest tax bill first.
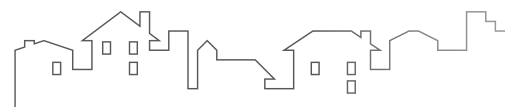

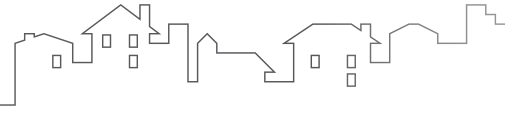

Easy Tracking and Maintenance

Track unpaid taxes and adjustments, provide information for tax sales, maintain account numbers and map numbers for parcels, issue new tax records, and view complete transaction history. Easily locate records by location, name, account number, and more. View the information you need with customizable reports and data exports..

Interfaces & Integration

Seamless Software Integration

Integrate with other PUBLIQ applications for complete financial management, streamlined collections, and data sharing. Bundle with:

- **Accounting Suite** to automatically build general ledger entries, ensure fiscal accountability across departments and funds, and simplify the budget process.
- **Cash Management** to simplify the payment process and offer the ability to view and pay notices in person, online, or by phone.

Services

Imaging Documentation

Scan, import, and securely store images of documents without compromising customer privacy. Attach images to customer accounts, third parties, meter records, and owner records to easily access information.

IT and Hardware Maintenance

When disaster strikes, we keep your devices running to ensure your business workflow is uninterrupted. We offer flexible options to host and manage data and software, ranging from on-site installation to cloud and enterprise.

Online and Phone Payment Processing

In addition to bank draft and automated phone payment options, give your customers the ability to safely pay online via credit, debit, or e-check through our secure web portal.

Remote Backup

We work closely with you to determine and meet your networking and hardware needs. Eliminate the responsibility and stress of maintaining your server, scheduling updates, and managing downtime due to equipment failure.
