Manage Accounts Receivable Billing

Accounts Receivable Processing for Local Governments

Our Accounts Receivable software makes managing accounts receivable billing and payments simple. Reduce your receivables while increasing your revenue with easy-to-use tools.

> PUBLIQ is a very user-friendly software for government use. I love it.

Finance Director
Georgia Customer

Simplified Bill Processing

Manage accounts receivable billing, post payments, and create adjustments. Prepare invoices and statements. Process batch billing with helpful tools. Apply credits to charges, calculate penalty and interest, and build general ledger entries with processed transactions.
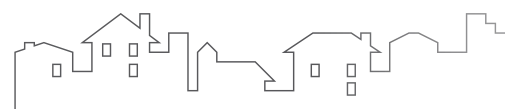

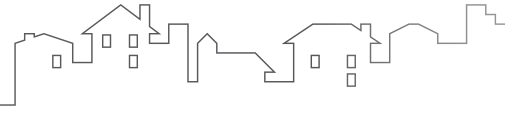

Account Tracking and Reporting

Our tools give you the ability to maintain customer records, while tracking invoice history and monitoring past due bills. Create account information, include customer notes, and add images to accounts for reference. Save time using standardized reports or create customized reports to meet your needs.

Interfaces & Integration

Seamless Integration

Integrate with other PUBLIQ solutions for complete financial management, to save time, and increase productivity. Bundle with:

- **Accounting Suite** to automatically build general ledger entries, ensure fiscal accountability across departments and funds, and simplify the budget process.
- **Cash Management** to streamline collections, simplify the payment process, and more, while protecting yourself from fraud.

Services

Imaging Documentation

Scan, import, and securely store images of documents without compromising customer privacy. Attach images to customer accounts, third parties, meter records, and owner records to easily access information.

IT and Hardware Maintenance

When disaster strikes, we keep your devices running to ensure your business workflow is uninterrupted. We offer flexible options to host and manage data and software, ranging from on-site installation to cloud and enterprise.

Remote Backup

We work closely with you to determine and meet your networking and hardware needs. Eliminate the responsibility and stress of maintaining your server, scheduling updates, and managing downtime due to equipment failure.

Online and Phone Payment Processing

In addition to bank draft and automated phone payment options, give your customers the ability to safely pay online via credit, debit, or e-check through our secure web portal.
