

Computer-Assisted Mass Appraisal Reimagined for Your Office

Optimized Property Valuation Management

Our Computer-Assisted Mass Appraisal (CAMA) application helps counties simplify parcel management, assessments, appraisals, documentation, and more.

As part of our software suite, you'll also enjoy real-time integration with our other property tax management applications.

Complete Tracking and Management

Maintain comprehensive records, including addition, change, and transfer information for current and future years, homestead and lender details, and sales and parcel histories. Track market, taxable, reassessment, and new construction values. Use flexible search options quickly retrieve information.

Simplified Mass Appraisals

Handle mass appraisals with ease. Efficiently calculate appraisal values for residential, agricultural, and commercial properties and create future-year appraisal records using current information. Our software can even help you prepare for reassessment while working on current-year information.

Built-in Scanning Solution

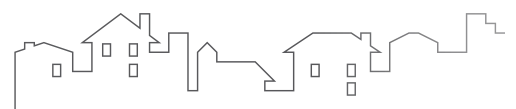

Import any file type and link to documentation without compromising customer privacy. Attach documentation to tasks, parcels, owner records, and appraisals to easily access information without leaving the software.

Interfaces & Integration

Seamless Software Integration

Integrate with other PUBLIQ applications for complete property tax management and data sharing. Bundle with:

- **Auditor** to share information across departments and efficiently calculate and manage personal property taxes.
- **Treasurer/Tax Collector** to handle all aspects of daily tax processing, from payments to refunds and unpaid notices.

Other Services Offered

IT and Hardware Maintenance

When disaster strikes, we keep your devices running to ensure your business workflow is uninterrupted. We offer flexible options to host and manage data and software, ranging from on-site installation to cloud and enterprise.

Print and Mail

Take back your time by letting us print and mail your delinquent bills, vehicle and property taxes, appraisal and assessment notices, forms, and other quality print materials, which can be customized based on your needs.

Remote Backup

We work closely with you to determine and meet your networking and hardware needs. Eliminate the responsibility and stress of maintaining your server, scheduling updates, and managing downtime due to equipment failure.
